Subject: Product Price List Increase

**To Our Valued Customers:**

Due to the continued escalation of raw materials as well as additional COVID-related costs, Dresser Pipeline Solutions is announcing an increase to our 2021-2022 product price list.

Effective July 1, 2021, Dresser Pipeline Solutions will increase product list prices by 9% on most items and conduct targeted adjustments on select items that may result in increases greater than 9%.

For the past 14+ months, we have been committed to the health & safety of our employees while maintaining the same level of quality our customers have come to expect. We have absorbed significant COVID-related expenses and substantial raw material increases during this time and are forced to share the added burden moving forward.

The 2021 Price List will be available in electronic PDF format for your convenience. Please contact your Inside Sales Representative to request a hard copy if one is desired.

As always, we are grateful for your continued business and look forward to serving your pipe-joining & repair needs in the future.
