

Product Update Notice

RCS Sure Actuators

Sure Power 65 Vs. 50/75 Actuators

October 01, 2019

Product Update Notices provide information about updates, enhancements, improvements, certifications and other changes to new and current Dresser Industrial Products Group. The information in these notices is intended to help you take advantage of the continuous improvements to Dresser Industrial Products Group and services.

Product Update Overview

- The construction and design of the SURE 65 is essentially the same as S75, and almost identical to S50.
- No mechanical differences to S75 Actuator. All mechanical components are identical. Product is a direct replacement for S75 with same output drive (size F10).
- The only mechanical difference is that S50 Actuator has an F07 output drive. S65 has an F10 output drive.
